• **MISSION STATEMENT** •

*To construct and deliver projects of exceptional quality and value through safe, sound and proven practices. We strive to be the leader in our trade whilst we create and maintain an environment for our employees that allows for personal and professional growth with harmonious balance.*

Since 1992, Frontier Environmental, Inc. has applied its highly regarded expertise to work in the energy industry operating primarily in Pennsylvania, West Virginia and Ohio. Frontier Environmental has the experience, equipment, and latest technology needed to produce superior results for demanding projects, as well as the ability to take charge of difficult tasks under public scrutiny to deliver successful results. At Frontier Environmental, we take in account complex environmental considerations, access and security issues, and a range of other challenges. You can always depend on us to rise to the occasion. Our unparalleled attention to detail ensures that every job is completed on time, on budget, and according to specification. **We're ready to prove all that we claim.**

**SAFETY IS OUR #1 TOOL FOR SUCCESS.**

When it comes to safety, we don't cut corners. Frontier Environmental, Inc. is not only committed to performing each and every job with high regards to meet our rigorous safety standards, but we go over and beyond to train each and every employee extensively to ensure they meet all safety codes and environmental regulations. Safety is everyone's job and safety is our #1 tool for success.

At Frontier Environmental, there is no such thing as good enough. We distinguish ourselves apart by raising the bar on safety expectations, continually looking for innovative ways to improve safety and efficiency throughout production. Our commitment to providing and maintaining an incident and injury free workplace is highly recognized and regarded throughout the industry. We take the necessary steps to be proactive, not only reactive.

**DIVERSIFIED SERVICES. UNRIVALED QUALITY.**

**STATE OF THE ART EQUIPMENT. LEADING EDGE TECHNOLOGY.**

We have the resources and equipment to clear, grade and prepare drilling sites and pipeline right-of-ways that are effective and affordable to maximize value. At Frontier Environmental, we utilize state-of-the-art technology, from laser-guided dozers and trenchers, to fully-automated GPS-controlled dozers to guarantee each right-of-way is built precisely to plan. On many of our projects, we employ a GPS survey system that enables us to perform layout work and deliver detailed as-built documents in-house. Once construction activities have ceased, we are experts at restoring the site back to its natural state. Our Frontier Environmental, Inc. team is committed to revitalizing the natural ecosystems and native habitats in compliance with local, state and federal regulations.

**INNOVATIVE EXCELLENCE IS A TRADITION AT FRONTIER.**

Frontier Environmental, Inc. is a full-service construction company specializing in the protection of nature and the environment as it relates to site work for the energy industry. Based in the heart of the Laurel Highlands of Pennsylvania, we are well situated to serve our regional communities both in the Marcellus and Utica Shale Formations. Frontier Environmental offers a range of pipeline services, including pipeline and gas distribution, pipeline emergency response, utility and communications installation, pipe and vessel fabrication, storage tank relocation, and general industrial construction. Over the years our commitment to environmental excellence through the use of innovative technologies has made us an industry leader. From site preparation, to ongoing restoration or maintenance, Frontier Environmental is the clear choice in the energy industry. We have distinguished ourselves through numerous large energy field projects by delivering projects on time, on budget, and according to specification for some of the largest and most demanding players in the industry.

**OUR CLIENTS AND PARTNERS EXPECT HONESTY, DEPENDABILITY AND INTEGRITY; THE FOUNDATIONAL VALUES OF OUR COMPANY WHICH WE BUILD UPON EACH AND EVERY DAY.**

FORESTRY      EROSION CONTROL  
PIPELINE INSTALLATION      RESTORATION

EARTHWORK      SLIP / SLIDE REPAIR  
TRUCKING      WETLAND / STREAM RESTORATION

## PROJECT EXPERIENCE

### YOUR PROJECT IS OUR REPUTATION
